

Holy Fire Experiences

HOLY LOVE I

In this experience, Divine love which has a higher level of consciousness than human love is installed deeply into your soul. It is a feeling of being cared for by energy that knows you intimately and is fully capable of taking care of *all* of your needs. It is a feeling of being safe. It is a healing and enhancement of *your* ability to love.

HOLY LOVE II

In this experience, Holy Love scans your timeline to find an experience that needs healing and is important in helping you move forward on your spiritual path. It then works with the aspects and energies involved to heal the issue.

HOLY LOVE III

In this experience, Holy Love heals everything needing healing from the time of conception to post-birth. This can include things that were going on between and with your parents, ancestral issues, experiences in the womb, and birth trauma. Sometimes you are aware of what happened, and sometimes you may not know what specifically has healed but that it was something meaningful.

HOLY FIRE HEALING EXPERIENCE

This experience brings in high-frequency healing energies that are more powerful and effective than those given during a regular Reiki session.

This is highly effective in **removing negative energies and empowering goals**. It will remove negative energy in your physical body, aura, and chakras, and work to help release any blocks you choose.

*** You **MUST** be willing to let go of the block and any other conditions in your life that the block may have created.

*** You **MUST** be willing to make important changes in attitude about yourself and your life concerning the issues involved and to become aware of those issues in new ways.
